

Do you want a more **collaborative, energised, engaged** team?

Looking for a **unique**
team-building experience with
real results?

At Jigsaw Professional Development, we deliver team-building with a difference.

The kind that **brings out the best** in people and makes a **lasting impact** on attitudes, behaviour and skills.

Because no two businesses are the same, no two Jigsaw solutions are the same.
We **tailor each team-building experience** to meet the unique needs of your company.

Make your next team event one your staff will remember
– for all the right reasons.

Choose Jigsaw.

WHAT MAKES JIGSAW DIFFERENT?

- **We don't do 'off-the-shelf'.** We create a unique solution tailored to meet your organisation's objectives, values, size and budget.
- **We're fun.** Your staff will remember the lessons learned from our hands-on activities, well after the day is over.
- **We're results-oriented.** Every project begins with a thorough needs analysis to ensure we're targeting key behaviours. We also measure ROI to confirm we've delivered.
- **We're flexible.** We're just as comfortable facilitating a conference for 450 people as we are working with a group of ten. We can also run your team-building activity indoors or outdoors, day or night, anywhere in the world.
- **We're more than a training provider.** We also offer an end to end event management and video creation service to take the hassle out of holding a large event.
- **The solution we create is yours to keep.** Because your team-building activity is a bespoke creation, it remains your intellectual property for you to re-use as you wish.
- **We partner with you.** We become part of your team to deliver what will make your business sing.

2017 Waipa Business Awards Winner (Digital Strategy and Implementation)

2017 Waipa Business Awards Finalist (Customer Service)

2017 Waipa Business Awards Finalist (Excellence in Small Business)

A FEW WORDS FROM THE JIGSAW TEAM...

Research shows we learn best by doing. Jigsaw's interactive team-building activities help your staff learn about themselves and each other in the most practical ways possible. No PowerPoint presentations here, folks! Our collaborative tasks demand every delegate be engaged and work hard towards results – and the inevitable 'a-ha' moment where everything learned clicks into place.

To give you a taste of what we offer, this booklet covers three of our most popular team-building options, each of which we customise to suit your unique needs.

If you don't find what exactly you're looking for here, please let us know. We'll start from scratch to design an activity exclusively for your team. It's all part of our bespoke service.

Warm regards,

Kerry & Kate

WHO WANTS TO BE AN ENTREPRENEUR?

- Ideal for developing business and leadership skills
- Helps staff appreciate what it takes to run a business and market a product
- Encourages creative thinking about your organisation's potential

HOW IT WORKS:

We either allocate each team an existing product related to your organisation or ask them to invent a brand new one. Then they embark on the process of setting up a business... in a single day!

They must allocate roles, draw up a budget, create a marketing plan and film an advertisement for their product.

We throw them a few curveballs along the way; obstacles that mirror business in the real world, teaching flexibility and resilience.

Then it's showtime! Each team presents its advertisement to a judging panel, which can be comprised of your senior leaders or provided by us. An awards ceremony complete with trophies and medals wraps up this stimulating challenge.

THE QUEST BUILDER

- Develops teamwork, decision-making and conflict resolution skills
- A great way to get staff out from behind desks and into the outdoors
- Ideal for companies lacking a venue
- Participants get to explore the local area and discover new sights!

HOW IT WORKS:

In this game, we create a bespoke scavenger hunt in a set area around your location.

Staff split into diverse teams and battle the clock to complete a set of tasks out in the field.

They work together, drawing on the expertise and strengths of each team member until they reach the last clue – at which point the final checkpoint is revealed.

The first team to successfully complete the final challenge is the winner!

THE 'GAMIFIED CHALLENGE'

- Can be adapted to focus on a wide variety of skills
- Perfect for improving communication, conflict resolution and teamwork
- Ideal for companies wishing to stay on-site or within a set venue
- Fun but low-impact activities for all ages and abilities

HOW IT WORKS:

Who doesn't love a little friendly competition?

In the Gamified Challenge, staff are split into diverse teams and face off against each other in a series of head-to-head challenges: from building Lego towers, to creating missile launches, to erecting a tent while blindfolded!

Each new challenge builds on themes explored in the previous one and a live leaderboard tracks the teams' positions as we go.

We finish by rewarding participants with trophies, medals and 'Most Valuable Player' awards, making this a fun and fulfilling experience for everyone.

BRING US ALONG TO WOW AT YOUR NEXT CORPORATE EVENT

Stuck for end of year and xmas party ideas? Ensure your staff have fun AND take some learning with them by tagging a team building session onto your festive celebration. We can work across a variety of venues, session times and budgets and your staff will thank you!

ABOUT OUR CUSTOMISATION PROCESS

We create the challenges and resources within each game from scratch to suit your objectives, number of delegates and event location.

The game's name, theme, bonus and penalty cards and prizes will be customised according to whatever it is you want to focus on – whether it's a conference theme, your organisational values or the launch of a new product.

We also consider the needs and abilities of your staff and modify our challenges to ensure everyone can take part, providing a true team experience.

ADDITIONAL SERVICES

Organising an event takes time and people-power. Jigsaw's experienced event management team can take care of the logistics for you from start to finish, including:

MCS / SPEAKERS / VENUE HIRE / CATERING / VIDEO CREATION

We highly recommend bringing our video team on board to capture your event and create a compelling highlights video. This can be shared with corporate partners, potential sponsors and those who couldn't attend. It can also become an effective recruitment tool!

HAVE A QUESTION OR CAN'T FIND WHAT YOU ARE LOOKING FOR IN THIS BROCHURE?

Please let us know. We have other great activities which we haven't even begun to tell you about. Alternatively, do you have a special need? Let's get together and create a team-building game that meets your unique needs.

WHAT OUR CLIENTS ARE SAYING ABOUT US

“We brought Jigsaw Professional Development on board to support us with a team-building oriented conference for 400 leaders across Australia employed at Tradelink, which is part of Fletcher Building. We wanted to turn this conference on its head and move away from the traditional PowerPoint presentation format. While we reviewed several suppliers, JPD really understood what we were trying to achieve. They were bespoke from the start and designed a solution that was very specific to our needs.

We ran a two-day competition made up of plumbing and customer service themed business games that directly appealed to the competitive nature of the delegates. Both Kerry and Kate juggled multiple stakeholders, evolving briefs and on the day, delivered with flair. The delegates had so much fun and their increased level of engagement was noticeable.

At each step, we felt this conference was designed for us, right down to the plumbing-themed decorations, prizes, and the games' relevance to our business strategy. Kate's attention to detail and logistics were excellent and she rarely missed a beat. Kerry was able to engage her audience so well and generate the excitement and enthusiasm needed to make this conference a success. Our delegates will be talking about it for some time!

Thanks Jigsaw!”
